Protect Your Eyes is a small software application developed specifically for helping you take a break from time to time from your computer in order to relax your eyes and reduce the risk of eye strain and other common symptoms of computer vision syndrome. In order to run the program correctly and avoid bumping into all sorts of errors, you need to install Microsoft.NET Framework 2.0 on the target PC. Comes in a portable package Protect Your Eyes reveals a clean and straightforward layout that allows you to set up the dedicated parameters on the fly. A help manual is not included in the package but you can get an idea about how the utility works in a short amount of time thanks to its intuitive looks. Take quick breaks from your PC The application gives you the possibility to choose between several predefined time intervals from a drop-down list. You may also set up a user-defined time value. When the time is up, the tool reveals a popup notification letting you know that it's time for a new break. The notification can be closed with ease and you may still continue to work on your computer in case you have an important project to finish. Tasks can be performed just a few seconds after you have finished.

Coffee Shop for Free Description: Coffee Shop for Free allows you to sell your coffee in your free time. Start a store with your own recipe, and let visitors try your coffee - for free. You can access the store through a web browser and add new products and edit existing ones. The product data are saved in the browser session and you can access them in the background when not in front of the computer.

What's New Version 1.2: Version 1.2 was released on January 27th, 2012: A.C.A.M. L.U.D.G.E. is a game full of entertaining activities where you build cities and factories and earn money for your shop. Scanio Plus for Nokia Symbian phones Description: Scanio Plus for Nokia Symbian phones allows you to scan any printed document (just as with a flatbed scanner) with the help of your Nokia phone's camera. The developed method of working with documents allows you to scan the information, export the document into a preferred format and personalize it by means of a free professional software (CorelDraw or Quark Xpress).

What's New Version 2.0: Version 2.

Protect Your Eyes Torrent Download is a small software application developed specifically for helping you take a break from time to time from your computer in order to relax your eyes and reduce the risk of eye strain and other common symptoms of computer vision syndrome. In order to run the program correctly and avoid bumping into all sorts of errors, you need to install Microsoft.NET Framework 2.0 on the target PC. Comes in a portable package Protect Your Eyes Crack is a portable utility which can be opened without administrative privileges. Plus, it does not store entries to your Windows registry and leave other settings files on the host PC. Getting rid of it implies deleting the files that you have downloaded from the Internet. A double-click on the executable file is sufficient for accessing the tool's GUI. You may also store it on pen drives or other portable devices to have it with you all the time. Simple

design Protect Your Eyes Crack reveals a clean and straightforward layout that allows you to set up the dedicated parameters on the fly. A help manual is not included in the package but you can get an idea about how the utility works in a short amount of time thanks to its intuitive looks. Take quick breaks from your PC The application gives you the possibility to choose between several predefined time intervals from a drop-down list. You may also set up a user-defined time value. When the time is up, the tool reveals a popup notification letting you know that it's time for a new break. The notification can be closed with ease and you may still continue to work on your computer in case you have an important project to finish. Tests have shown that Protect Your Eyes carries out a task quickly and without errors. It does not eat up a lot of CPU and memory resources so the overall performance of the system is not hampered.
